

SC Secure Lockable Connector

Features

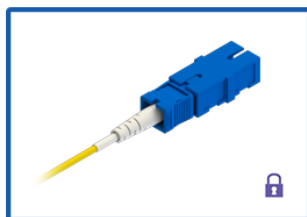

- Ideal for networks with higher security levels ;
- Five different colors/keys available;
- Can only be removed with matching color key;
- Applies to 2.0/3.0mm cable;
- FOCIS-3/ TIA-604-3/IEC 61754-4 and GR326-core reference;
- RoHS/REACH and UL94-V0 inflammability grade compliant;
- Compatible with all industry standard SC adapters.

Application:

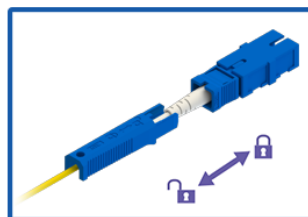

- Military network
- Government network
- Financial network
- Telecom network
- Ethernet network
- Optical communication equipment

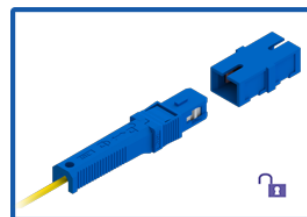

Working Principle:

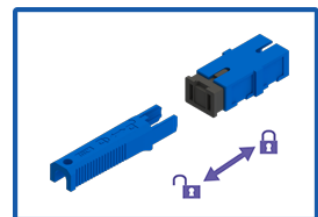

① Locked

② Insert matching tool

③ Unlock and remove connector

④ The dust cap only can be extracted by keys.

Specifications:

Items	Single Mode		Multi Mode
Connector Type	UPC	APC	PC
Insertion Loss	≤0.3dB		≤0.3dB
Return Loss	≥50dB(UPC);	≥60dB(APC)	≥30dB
Durability Test	100 times		
Operation Temperature	-40°C ~ +85°C
